## About ICFST 2020

The past 3 sessions of the International Conference on Frontiers of Sensor Technologies were successfully held in Hong Kong in 2016, in Shenzhen, China in 2017, and in Chengdu, China in 2019.

The aim of ICFST 2020 is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in Frontiers of Sensors Technologies. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration.

## Committee

### Advisory Chairs

Prof. Robert Minasian, IEEE & OSA Fellow, The University of Sydney, Australia
